## Objective

I am a hardworking and motivated agricultural graduate with hands-on experience in managing production activities and ensuring quality standards, teamwork and production management. I am seeking an opportunity in the agricultural sector where I can apply my knowledge, practical experience and supervisory skills to contribute to effective farm operations and production. I believe in continuous development, effective problem-solving and ensuring the workflow process. My aim is to make significant contribution to the company's success through leadership, accountability, teamwork and operational excellence.

## Experience

- **Monteith Trust** 06 January 2025 - 12 December 2025
